Subject Proposal of the Bhadravati Miner Municipality
 regarding ~~xxxxxxx~~ revising the scale of the pay
 of the Cetrei Sargent from 15-1-20 to Rs 20-1-25
 per mensem

In forwarding herewith in original correspondence received from the President Bhadravati Miner municipality ending with his report No M C 115/42-43 dated 21st May 1943 on the subject noted above I have the honour to state as follows -

The existing scale of pay of the Cetrei Sargent of the Bhadravati Miner Municipality ~~was~~ Rs 15-1-20 per mensem was sanctioned by Government in their Order No L 985-6 M 21-35-4 dated 29th July 35/ 3rd August 1935

In view of the increased work in Cetrei branch the question of ~~xxxx~~ raising the present scale of pay of the cetrei sargent was considered by the Municipal Council at its meeting held on 31st August 1943, when a resolution was passed to the effect that the scale of pay might be raised from 15-1-20 to Rs 20-1-25 per mensem and that sanction of Government be obtained therefor

The Municipal President states that the work in the cetrei branch has increased during the past three years. He adds that the official ~~xxxx~~ has been entrusted with the additional work of looking after the cattle pound and its accounts. The Municipal President further states that the present pay of the Cetrei sargent is low and adds that it is desirable to revise it so that the scale of pay of both the ~~xxxxxxx~~ appointments of the Bill collector and the cetrei sargent might be identical. It is stated that the present cetrei sargent has been drawing the maximum pay of Rs 20/- since 20-12-41 in the existing grade of Rs 15-1-20

4)

The President requests that sanction of Government might be obtained to give effect to the proposed revision from 1st December 1942 the entire extra cost on this account being met from the closing balance of the Municipality

I have looked into the matter and explained the position during the course of my inspection of the Bhadravati Municipal Office held on 18-5-43. There has been considerable increase under Octroi Revenue

It is reported that there was a closing balance of Rs 8210/- at the credit of the Municipality (On 31-5-43) in addition to the investment of Rs 2251/- held by the Municipality. The extra cost involved on this proposed revision will not seriously affect the finances of the Municipality

In these circumstances I recommend that the proposal of the Bhadravati Municipal Council for revising the existing scale of rate of the octroi surcharge from Rs 18-1-20 to Rs 20-1-25 per mensem may kindly be sanctioned with effect from 1st December 1942 as proposed by the municipal resident
